

CUSTOMIZED OPTIMIZATION FOR YOUR GROUP

PRECISION PULSE SESSION

The answer you're looking for is available.

Don't find out too late, what your team already knows is wrong.

The Precision Pulse Session is designed for focused groups of any size—as many people as possible—who are committed to identifying and solving real-time performance issues within their team, organization, or leadership circle. This is not a passive presentation—it's an interactive, strategic conversation based on your current challenges.

WHO THIS IS FOR

Executive Forums
(EO, YPO, Vistage, etc.)

Business Mastermind Groups

Leadership Teams and
Strategic Pods

Advisory Boards and
High-Level Working Groups

WHAT WE EXPECT FROM YOUR GROUP

To deliver a high-impact, tailored experience, we ask for the following:

- 1 Pre-Session Input:** This shapes the content of the session and ensures the solutions are relevant.
- 2 Active Engagement During the Session:** This session is a conversation, not a lecture.
- 3 Willingness to Be Transparent:** This session is most valuable when we're addressing the real issues, not just surface-level symptoms. We expect honesty, confidentiality, and a desire to improve.

WHAT YOU CAN EXPECT FROM US

- A customized 1- to 3-hour session, based on your need, in person or virtual, focused on the actual issues your group is facing
- Proven tools and frameworks from Life Pulse's Optimization Overhaul methodology
- A judgment-free, solution-focused environment
- Optional post-session one-on-one blueprint consultations (by invitation)

This isn't about adding more to your plate. It's about removing what's blocking your progress—so you and your team can perform at your best.

READY?

Let us know you're ready, and we'll get your group started with the intake process.
